ROPEFLEX RX2100E FUNCTIONAL ROPE TRAINING SYSTEM

WITH ATTACHMENTS FOR WALLS, UPRIGHTS & MORE

UNPARALLELED versatility and convenience for applications as diverse as our many satisfied customers! The wall and rack-mountable design of the RX2100E can turn any tired old wall or power-rack into a cutting-edge, brand-new piece of equipment. Add new functionality to your existing installations.

TORK.ONE ATTACHMENTS

MOUNT

UNIVERSAL PLATE FOR
CURRENT & FUTURE
ACCESSORIES

LANDMINE

BARBELL ANCHORED
TRAINING TOOL

PULLEY

FOR ALL ROPE
PULLING ANGLES

D-RING

FOR BATTLE ROPE,
BANDS AND MORE

Best of all, the same benefits and safety features of functional exercise and sport-specific training that standalone ROPEFLEX models provide can be yours without losing any floor space, by integrating RX2100E with the new quick-connect accessory system.

Install a quick-connect pulley for horizontal and squat pulls or add additional dimension to your route with our landmine attachment.
